## INTERNATIONAL WORKSHOP

### «METHODOLOGIES AND MODELS FOR THE ENTREPRENEURIAL AND TOURISTIC DE- VELOPMENT OF LOW VOLGA RIVER»

September, 27th 2010

With the support of University of Bologna -  
Forlì Faculty of Economics, Italy

## Abstract

Seminar is aimed for developing the methodologies of sustainable development of Low Volga River on the basis of European experience in Big European River Basins management.

This means to use an interdisciplinary approach in economical, social, environmental, and technological sectors.

Seminar covers discussions of scientific investigations and practical results about the up-to-day international and interregional cooperation in the building and use of regional development models in accordance with priorities of Russia and EU.

### Conference tracks:

- Science intensive technologies and models of entrepreneurship and tourism development in Big European Rivers basins on the base of modern Russian and European experiences.
- Technologies, territorial management and sustainable development of Big European Rivers' basins: the role of river agencies and public networks.
- Integration of science, education and business in development of Big European Rivers territories: the experiences of Russian and European universities.
- New models of local systems of Rein, Po and Volga rivers macro-regional management - opportunities for co-operation.

The main result would be the start up of European and Russian research and applicative projects on the topic and based on the network collaboration among universities, research centres, central and local governments together with public and private organizations as main stakeholders of the river basins system.

OFFICIAL LANGUAGE: RUSSIAN

(It will be available the simultaneous translation in Italian).

## METHODOLOGIES AND MODELS FOR THE ENTREPRENEURIAL AND TOURISTIC DEVELOPMENT OF LOW VOLGA RIVER

September, the 26<sup>th</sup> Sunday

Delegations arrival and accommodation

September, the 27<sup>th</sup> Monday

Assembly hall of Astrakhan state university

### 10.00 - 11.00 Registration

### 11.00 - 11.40 Opening Session
